**ATARI** 5200™

**RONEN HABOT'S**

The cover art features a central, multi-tiered, conical structure resembling a castle or a futuristic tower, rendered in a dark, textured style. A bright, glowing orange beam of light originates from a large, dark, circular object in the upper right corner and points directly at the top of the central structure. The background is a vibrant, abstract landscape with swirling patterns in shades of orange, red, and purple, suggesting a sunset or a fiery environment. The overall aesthetic is characteristic of early 1980s video game cover art.
